FUNCTIONS AND SOLUTIONS

For greater comfort and a better quality of life: Innovative Geberit functions and solutions make your life more comfortable, meet your individual needs and protect our environment.

THE PERFECT BALANCE. DESIGN MEETS FUNCTION

We use our passion for design and technology to inspire and excite people all over the world. By applying our vast know-how and almost 150 years of experience, we ensure our products are not just beautiful to look at, but truly make life easier and more comfortable.

Responsibly made from fine and durable materials, Geberit products are a perfect balance of elegant design and outstanding function. They are easy to clean, easy to use and increase comfort.

Design Meets Function is the name given to this fusion of outstanding functionality with aesthetic design for the entire bathroom.

DESIGN
MEETS
FUNCTION

Geberit is a European market leader in the field of sanitary products, providing outstanding added value in sanitary technology and bathroom products.

Geberit is a global ambassador for quality with sales offices in over 50 countries and 29 production sites worldwide, with headquarters in Rapperswil-Jona, Switzerland, where Caspar Melchior Albert Gebert founded the company in 1874.

Over 12,000 employees are committed to providing customers with innovative, sustainable and durable products of the highest quality. Geberit prides itself on its strong competence for innovation, enabled and supported by the Group's wide-ranging research and development activities. Customers can rest assured that new products meet their needs – not to mention the very highest quality standards.

BATHROOM SOLUTIONS THAT MEET YOUR NEEDS

BETTER BATHROOMS

The wishes and expectations when it comes to the perfect bathroom are as diverse as people themselves. That's why we asked bathroom customers throughout Europe what's most important to them. We found six characteristics that are constantly mentioned, namely design, cleanliness, usability and comfort as well as space-saving and barrier-free solutions.

Because everyone has different priorities, we offer bathroom series that are specifically tailored to different needs. Using the table on the next page, you can quickly find the bathroom series that suit your specific needs and life situation.

DESIGN

A reduced and timeless aesthetic that can be easily combined – for those looking for modern elegance and a wide range of colours and materials.

CLEANLINESS

Clever products that remain virtually dirt-free and are easy to clean – for those who want to minimise the amount of cleaning required.

COMFORT

Products that bring comfort and hygiene to the bathroom – for all those looking for extra freshness, well-being and cleanliness.

ACCESSIBILITY

Easily accessible, step-free bathrooms – for those who want a universal design regardless of their age or specific need.

COMPACT OPTION

Clever functions and products that create space – for those who don't want to compromise on functionality or storage space.

USABILITY

Products that are intuitive and easy to use – for those who like to be safe in the knowledge that they are enjoying optimal functionality after a bathroom renovation or conversion.

Wall-hung WCs give bathrooms a neat and tidy appearance and make cleaning the floor easier. They have been a standard feature in modern bathrooms for decades and have proven their worth in millions of installations.

DESIGN

WALL-HUNG WC SOLUTIONS

VERY STRONG

No wobbling or vibrations – strength-tested to bear a weight of 400 Kg.

DURABLE

Installed 70 million times over the past 50 years, Geberit concealed actuator plates represent the ultimate tried-and-tested solution.

HYGIENE: SIMPLE CLEANING

No pedestal and no cistern in front of the wall means no exposed pipework for dirt and bacteria to hide.

SIMPLE MAINTENANCE

Simply remove the actuator plate for access to all important parts. Geberit stock spare parts for you, for 25 years.

TESTED IMPERMEABILITY

Every Geberit cistern is individually tested to guarantee water tightness.

CLEANLINESS

THE KERATECT SPECIAL GLAZE

The Geberit KeraTect special glazing ensures many years of protection for ceramic surfaces.

The properties of KeraTect:

- Virtually non-porous and extremely smooth
- Dirt-repellent, hygienic and clean
- Very easy to clean and look after
- Durable and scratchproof

KeraTect is baked on as a special glaze and has a virtually non-porous and extremely smooth surface that can be kept clean easily and efficiently.

INNOVATIVE FLUSH TECHNOLOGY

Geberit Rimfree WCs are equipped with a specially developed and patented flush guide which ensures a targeted and hygienic flush every time.

Rimfree

CLEANLINESS

**EASY TO CLEAN:
RIMFREE**

Keeping the bathroom spotless is a must, because cleanliness and hygiene are important, especially in the bathroom. But cleaning should not become a hassle where one has to deal with tricky corners and difficult to reach places. Most people also rather avoid handling harsh cleaners. Modern bathrooms are neat and orderly and so it comes to no surprise that this trend also applies to the WC. Today's WC pan is Rimfree.

Geberit has introduced a completely new and patented flush technology. The flow of water is controlled just before it reaches the ceramic pan. A so called flush guide sends the water stream along both sides to the exact area where it is needed for a clean and thorough flush – and only there.

www.international.geberit.com/rimfree

Common WC pans depend on a flush rim which cannot easily be cleaned. Dirt and bacteria accumulate in this difficult to reach place resulting in unpleasant odours.

With the Geberit Rimfree technology however, there is no rim. The smooth inner surface of a Geberit Rimfree WC pan is cleaned with one swipe. And best of all, one can see immediately if all dirt has been removed.

COMFORT CLEANLINESS AT THE TOUCH OF A BUTTON

Geberit has spent the past 40 years continuously fine-tuning the shower function and spray – the centrepiece of any shower toilet – to absolute perfection. At the same time, we have invested into developing innovative technology and comfort functions, making our shower toilets the market leader. Depending on the model, a host of features make for a truly pampering experience.

www.international.geberit.com/aquaclean

SOFT NIGHT-TIME ILLUMINATION

Activated by the proximity sensor, a discreet LED light in seven light colours and five brightness levels assists orientation at night.

NO UNPLEASANT ODOURS

The odour extraction unit removes unpleasant odours as the system starts automatically upon sitting.

YOUR OWN PERSONAL WELL-BEING PROGRAMME

The intuitive remote provides hand-held control and the touch of a button is all it takes to call up personal settings.

SUPERIOR COMFORT

The high quality ergonomic seat features integrated heating.

GENTLE PERSONAL HYGIENE

With an additional shower spray, the gentle lady shower ensures safe personal hygiene using pure water.

USER-ORIENTED

An in-built proximity sensor activates the water heating system, seat heating and orientation light on approach.

GENTLE DRYING

For soft, gentle drying, the warm air dryer is the perfect solution and features five individually adjustable temperature settings. The built-in nozzle in the spray arm is protected when not in use.

A TOUCHLESS LID

Thanks to the proximity sensor, the WC lid opens and closes automatically.

PRACTICAL AND EASY TO MAINTAIN

From the easily removable seat and lid to the automatic descaling programme, Geberit AquaClean shower toilets are specifically designed to be cleaned and maintained with minimal effort throughout their long service life.

ABSOLUTE CLEANLINESS

The shower spray moves smoothly backwards and forwards to leave you with an exceptional feeling of cleanliness. The position of the spray arm and the intensity of the spray can be individually adjusted on certain models.

WHIRLSPRAY SHOWER TECHNOLOGY

Thanks to the patented WhirlSpray technology, you can feel fresh and clean all day long. This is because the shower spray is enhanced with dynamic aeration for targeted and thorough cleaning with minimal water consumption.

More information regarding the different models
→ chapter shower toilets page 212

COMFORT

GEBERIT

DUOFRESH

MODULE

UNPLEASANT ODOURS IN THE TOILET ARE A THING OF THE PAST

What is long since standard over every kitchen stove can now be applied in the bathroom. An effective way to get rid of unpleasant odours. The Geberit DuoFresh module removes the bad air directly from the WC ceramic appliance, purifies it using a ceramic honeycomb filter and then returns it to the room. This is extremely effective, as it prevents unpleasant odours from spreading throughout the bathroom in the first place, rendering air fresheners, lighting matches, opening windows and the like completely unnecessary. Thanks to a proximity sensor, the odour extraction always switches on automatically as soon as someone sits down on the toilet. The odour extraction is therefore also a great idea for guest WCs. Benefit from additional comfort thanks to an LED orientation light. The Geberit DuoFresh module can be easily installed in any Geberit Sigma cistern and can be combined with almost any actuator plate from the Sigma range.

EFFICIENT

The air is purified by the ceramic honeycomb filter.

QUIET

A quiet fan conveys the purified air back into the room.

ACCESSIBLE

The ceramic honeycomb filter can be easily accessed via the actuator plate.

GEBERIT DUOFRESH MODULE
The ceramic honeycomb filter is easily accessible via the actuator plate.

Shower drain blockages are a thing of the past thanks to the easy-to-clean comb insert.

ACCESSIBILITY

CLEVER DRAIN SOLUTIONS

Floor-even showers are on-trend. Floor-even shower solutions are discreet and enable a comfortable entry into the shower area without a threshold. With innovative solutions such as Geberit shower channels from the CleanLine series and the Geberit wall drain, Geberit combines maximum design freedom, easy cleaning and reliability in terms of installation and function.

www.international.geberit.com/showerdrains

SIMPLY CLEAN

The shower solutions from Geberit can be cleaned with ease.

AESTHETIC APPEAL

The simple design ensures an elegant appearance.

RELIABLE

Reliability thanks to Geberit system technology and Know-how.

SPACE-SAVING SMART STORAGE

Elegant surfaces, clean designs and elements that work beautifully with the ceramics. Geberit furniture transforms bathrooms into harmonious spaces.

Only high-quality, moisture-resistant materials and highly durable fittings are used. The series comprises of a wide range of bathroom cabinets which will enhance any room layout. Further elements such as mirrors and mirror cabinets are available for each series. The collections incorporate many details including the clever arrangements of compartments, drawers and soft lighting that not only create practical storage space but enhance the bathroom aesthetics.

DURABLE AND RELIABLE

Geberit bathroom furniture is produced using high-quality and moisture-resistant wood based panels. Medium-density fib eboard (MDF) is used, as well as high-density chipboard, which prevents moisture damage. The edges are additionally sealed with PUR glue to prevent swelling.

STANDARD MATERIAL
Absorbs moisture like a sponge.

MOISTURE-RESISTANT MATERIAL
Wood based panels designed for places with high humidity.

MOISTURE-RESISTANT

Clever details such as well-positioned profile handle, push-to-open drawers, easy-glide, soft close on drawers and doors rails make Geberit bathroom furniture a joy to use.

Geberit have specially designed ceramic and bathroom furniture for guest bathrooms, en-suites or rooms with awkward layouts that maximise space and design freedom.

SPACE-SAVING

CLEVER SPACE PLANNING

Do you want to have room for everything you need and implement your own design preferences even in the smallest room of the house? Cloakrooms can offer surprising design versatility and freedom. With an extensive range of bathroom ceramics and furniture with compact dimensions, there's now more opportunity to create a luxurious cloakroom space without compromising style.

→ WASHBASIN: Geberit Xeno².

USABILITY

POWERFUL TECHNOLOGY BEHIND THE WALL

The flush technology from Geberit – the European number one in the field of sanitary technology – stands for sustainable reliability and the conservation of resources. Geberit flush technology saves water through low flush volumes and offers high reliability with a guaranteed spare parts availability of 25 years. Geberit concealed cisterns are available in different heights to fit every bathroom. The cisterns are equipped for installation requiring electrical connections. This means shower toilets, odour extraction units, orientation light, touchless actuator plates and other devices can be installed or retro-fitted

quickly and easily. With a large selection of ceramics, you'll find the perfect solution "in front-of-the-wall" to match your dream bathroom.

FUNCTIONS MAY VARY BY PRODUCT MODEL

An aerial photograph of a dark, winding river cutting through a vast, snow-covered landscape. The trees are mostly bare, their branches dusted with snow, and long shadows are cast across the white ground. The river meanders from the top right towards the bottom left, creating a sense of movement and depth.

BATHROOM SERIES

For unique bathrooms with character: Geberit bathroom series create environments where individual requirements and wishes are catered for. They offer creative freedom so that everyone can make their own personal style a reality.

NEW

GEBERIT ONE

Geberit ONE is a pioneering, fully integrated and comprehensive solution for the entire bathroom. This is made possible by integrating many components behind the wall. Cleverly combined in a single system, Geberit ONE has the chance to demonstrate its many benefits – both obvious and hidden. This means greater cleanliness, more space and greater flexibility in the bathroom. Functional design for a better quality of life. *For the bathroom of the future.*

A GLIMPSE OF THE FUTURE

Geberit ONE is showing the possibilities of the future bathroom. It is a pure prewall construction that combines know-how in sanitary technology with design expertise.

ACTUATOR PLATE
Geberit Sigma50.

DUOFRESH MODULE
The new Geberit DuoFresh module with odour extraction unit and orientation light can be retrofitted.

WC
When the WC is flushed, TurboFlush ensures that the water flows laterally into the ceramic appliance and spirals through its interior. Thanks to the optimised way in which the flow of water is guided, the flush is not just very quiet, but also extremely thorough.

NICHE STORAGE BOX
The interior of the niche storage box is designed to prevent water and dirt residues, as water cannot accumulate anywhere and flows unimpeded from the box.

SHOWER PARTITION WALL
Thanks to a new type of installation element, the Geberit shower partition wall can be integrated seamlessly into the prewall system.

SHOWER DRAIN
The Wall drain is integrated in the wall.

MIRROR CABINET
Mirror cabinet with discreetly integrated lighting and other useful functions.

TAP
The wall-mounted tap ensures that the entire washbasin remains free. This means surfaces where dirt and germs can accumulate – as seen commonly in the area around deck-mounted taps – are prevented.

WASHBASIN
One of the highlights of Geberit ONE is the washbasin drain. As it is cleverly positioned at the back edge of the bowl, it is not directly in the water jet's line of fire, thus impeding the formation of limescale and water residues.

ACTUATOR PLATE
Geberit Sigma50.

-  Height adjustability
-  Hidden wall mounting
-  SoftClosing
-  Reduced flush volume
-  Ground clearance

GEBERIT ONE WC

The wall-hung Geberit ONE WC is both elegant and perfectly proportioned. A eureka moment comes when opening the lid, with the asymmetrical, completely rimless inner geometry of the WC ceramic appliance ensuring an outstanding, ultra-quiet TurboFlush. Thanks to the sophisticated installation technology, the height of the WC can be flexibly adjusted without needing to open up the prewall – even years after being installed.

CLEANLINESS AND INTEGRATED FLEXIBILITY

↑
The lid can be removed individually to ensure easy cleaning.

1

KeraTect

The washbasins of the Geberit Citterio bathroom series embody simple and timeless elegance in unmistakable Italian design.

Symmetrical lines frame gently rounded inner basins and provide generous space for washbasins. A perfectly designed and specially developed, ceramic waste cover is seamlessly incorporated into the basin

design. Nothing can disrupt the aesthetics of the washbasins, as they are designed completely without an overflow hole, made possible by the patented Geberit washbasin connector Clou.

2

3

4

5

6

1 The gently curved inner basin is an exciting contrast to the geometric outer form. 2 The lay-on washbasins in a pure organic shape are especially eye catching. 3 Matching washbasin cabinets mean that cosmetic products are always within reach. 4 Washbasins, bathroom furniture and illuminated mirrors. 5 Geberit Citterio offers elegant solutions when space is at a premium, such as in guest bathrooms. 6 Stylish storage space for sophisticated bathroom designs.

GEBERIT CITTERIO BATHROOM FURNITURE

GENUINE ITALIAN DESIGN GRANDEUR

The generous storage space solutions complement the puristic organic elegance of the Geberit Citterio bathroom ceramics. The design series is synonymous with a distinctive ordered aesthetic.

The finish on the Geberit Citterio washbasin cabinets is as unique as you are. High-quality glass cover plates in shades to match the chosen furniture colour lend the Geberit Citterio bathroom furniture an additional shine. The combination of wood and glass results in an exciting and elegant interplay – rounded off by the door handles in on-trend champagne.

WASHBASIN CABINETS
Geberit Xeno² washbasin cabinets
in a minimalistic design.

GEBERIT XENO² WASHBASINS

Minimalist and superior in design, convenient and versatile in function: Geberit Xeno².

As an expression of the natural clear lines, Geberit Xeno² washbasins have a slightly raised tap hole bench with a narrow platform to the edge of the basin. The absence of overflow holes means that the aesthetics of the inner basin's flowing forms are not disrupted. The clear design statement offers advantages when it comes to hygiene and ease of cleaning too.

1 The soft curved form of the basin appears as an exciting contrast to the clearly geometric outer contour of the washbasins. **2** A clear focus: bathroom furniture and WCs perfectly match the washbasins. **3** The geometric design language of Geberit Xeno² for modern bathroom designs. **4** A slightly raised tap hole bench is a beautiful and convenient design aspect. **5** Exceptional: asymmetrical basin form with shelf at the side and rear. **6** The asymmetrical basin form permits interesting solutions even in small spaces.

Hidden overflow

Solid surface material

GEBERIT XENO² WASHBASINS SLIM LINE

SLIM LINES FOR EXCLUSIVE WASHBASIN AREAS

Geberit Xeno² washbasins made of the solid surface material Varicor stand out due to their particularly slim rim. Together with the matching bathroom furniture, they create highly exclusive bathrooms featuring washbasin areas that are spacious while at the same time boasting a lightweight appearance. Fascinating details such as an integrated light strip underneath the washbasin provide interesting highlights.

1 An elegant washbasin area for two people with a light strip discreetly incorporated between the washbasin and the washbasin cabinet. **2** The washbasin cabinets can also be combined with the functional towel rails from Geberit's bathroom accessory range. **3** A gentle push-to-open mechanism for easy opening and closing of the drawers. **4** The light strip also lights up the washbasin cabinets, which can be laid out in a variety of different ways. **5** An inviting and spacious washbasin area with wall-mounted taps and a matching illuminated mirror.

GEBERIT XENO² BATHROOM FURNITURE

1

1 Versatile drawers with push-to-open mechanism ensure order and convenience. 2 The Geberit Xeno² illuminated mirrors provide atmospheric, indirect light or direct light for applying make-up and shaving. 3 Sophisticated furniture fronts underline the lightweight appearance of the bathroom furniture series.

AN ELEGANT LINE WITH CLEVER DETAILS

The elegant Geberit Xeno² bathroom furniture follows the geometry of the ceramic, creating a minimalistic bathroom ambience. Sophisticated furniture fronts lend the series a naturally lightweight appearance. The handle-free washbasin cabinets underline the minimalist design with a functional push-to-open mechanism that ensures ease of use. The furniture provides generous storage space, with practical features such as antislip mats and clever arrangement systems for bathroom accessories. Integrated LED lighting ensures a perfect view inside the upper drawers.

ELEGANT GLASS COVER PLATES

Glass cover plates underline the elegant look and provide lasting surface protection for washbasin and side cabinets.

Convenience meets precision in the 170 cm tall cabinet. The fitted highlights include variable glass shelves, a large internal mirror, integrated profile handles and a convenient SoftClosing mechanism. The cabinet for handrinse basins and the tall cabinet are available with right-hand or left-hand doors.

GEBERIT XENO² ILLUMINATED MIRRORS CREATE AMBIENCE

Matching illuminated mirrors with LEDs follow the strict geometry of the Geberit Xeno² series. Available for all Xeno² washbasins in widths from 40 to 120 cm, they allow the washbasin to take centre stage with atmospheric, indirect light. When applying make-up or shaving, direct lighting from above can be activated via a sensor switch with a dimming function. For a clear view at all times, anti-mist heating is available for the mirror surfaces.

FURNITURE WITH PRACTICAL FEATURES AND COMFORT-ENHANCING DETAILS

The bathroom furniture from the designer range stands out thanks to the softly rounded edges on the fronts. The interior impresses with practical features and comfort-enhancing details such as antislip mats and internal LED lighting in the washbasin cabinets. Illuminated mirrors are available with antimist function as standard.

1 The integrated arrangement system allows bathroom accessories to be stored away in an organised manner in next to no time. **2** A practical tall cabinet with four adjustable shelves and door organiser offers lots of storage space. **3** Washbasin cabinets in current trend colours fit perfectly with the smooth lines of the ceramic sanitary appliances in the myDay series. **4** An elegant solution with a lay-on washbasin. Generously sized shelf surface with glass cover.

GEBERIT MYDAY WCS AND BIDETS

→ ACTUATOR PLATE: Geberit Sigma50.

HARMONY AND HYGIENE IN A PERFECT DESIGN

The wall-hung WC from Geberit myDay fits in perfectly and is the ideal addition to the design line. The straight lines are also characteristically rounded here and offer a look that is both solid and delicate at the same time. The hidden wall fixing and the closed outer contour, the latter of which rounds off the understated design and is easy to clean, also contribute to the balanced overall appearance. The WC seat combines with the WC ceramic appliance in a stylish and sophisticated way and is optionally available with a SoftClosing mechanism. The non-porous surface is completely smooth and therefore dirt-repellent and easy to clean. The bidet, whose design perfectly matches that of the WC, is also a thing of beauty. The soft curves provide a comfortable grip and the interior is so well designed that using the stylish bidet is a joy.

GEBERIT MYDAY BATHTUB

A STYLISH PLACE FOR WELL-EARNED WELLNESS BREAKS

The generously sized Geberit myDay bathtub boasts the sophisticated flowing design seen throughout the rest of the series. The appearance is characterised by soft inner contours; the bathtub and shower tray have the same perfectly designed drain covers with chrome edging as those used with the washbasins. These don't just look the part, they also feel pleasantly smooth.

GEBERIT ACANTO

The complete bathroom series Geberit Acanto combines a clear design with organic shapes and smart detailed solutions that meet the most diverse requirements and design wishes. The individuality of your lifestyle is matched by Acanto's diversely modular nature. Clear lines, individual details.

CLEAR DESIGNS, SLIM CONTOURS, GENTLE CURVES

The washbasins from the Geberit Acanto bathroom series are presented in a timelessly modern soft organic design, with clear geometric contours and organically shaped inner basins. They are available in different variances as standard, slim or compact basins in different sizes. Geberit is meeting the desire for attractive, modern and individually designed bathrooms. The rim is kept specific particularly slim and lends the ceramic an air of lightness. The SlimRim design gives washbasins a particularly elegant, slender appearance. The standard washbasins are available with and without shelf surface or with short projection for en-suites and guest bathrooms.

1 Harmonious furniture concepts with a great deal of creative freedom: Geberit Acanto bathroom series. 2 The washbasin with integrated shelf surface is a visual highlight and offers clear, added value. 3 The SlimRim washbasins have a particularly elegant, slender appearance. 4 Combination of SlimRim wash basin with under and side cabinets for a lot of storage space. 5 Space-saving solutions for guest bathrooms.

GEBERIT ACANTO BATHROOM FURNITURE

FURNITURE TO EXPRESS YOUR INDIVIDUALITY

The Geberit Acanto bathroom furniture offers freedom of design and functional excellence. Following extensive tests with consumers, the series has been developed to meet the widest variety of everyday needs. The inside of the furniture is surprisingly flexible, with the arrangement of the drawers, compartments and shelves creating an uncluttered environment. Magnetic board – which can be mounted on the wall – enable storage trays or brackets to be attached precisely where the cosmetic items are needed. The innovative concept transforms the mirror cabinet above the washbasin into a beauty centre with a built-in magnifying mirror offering greater versatility.

With a wide range of washbasin cabinets, tall cabinets, mirror cabinets and shelf solutions, the Geberit Acanto bathroom furniture creates the perfect storage space for every bathroom. The furniture is available in four colours lava, sand grey, white and black.

The designers of the bathroom furniture placed a particular emphasis on a modern combination of different materials and surfaces such as glass, metal, painted and wood finishes, not to mention the individual composition of the different furniture types.

GEBERIT ICON WASHBASINS

THE GEBERIT ICON WASHBASINS ARE DEFINED BY CLEAR, GEOMETRIC LINES ALONG THE OUTER CONTOURS

This flexibility in room design is a unique opportunity to combine sanitaryware, furniture and illuminated mirrors.

1 Flexible room design with clear lines. **2** Washbasins and cabinets are perfectly matched. **3** A clear geometric outer contour and smooth inner form characterise the Geberit iCon washbasins. **4** Geberit iCon is available in many formats and sizes, including as double washbasins for wall-mounted taps.

GEBERIT ICON BATHROOM FURNITURE

AN EXTENSIVE MODULAR FURNITURE OFFERING

Through modular, flexible combinations, the Geberit iCon storage concept inspires individuality and creates flawless beauty and order. The product diversity afforded by the Geberit iCon bathroom furniture series enables modern room planning and installation from symmetrical to asymmetrical combinations.

The drawers for the Geberit iCon washbasin, as well as the tall and side cabinets are fitted with a SoftClosing mechanism. The various Geberit iCon illuminated mirrors and shelves not only offer generous and practical storage space, but also create the basis for a unique and effective room design.

GEBERIT ICON ILLUMINATED MIRROR ELEMENTS

Three illuminated mirrors from the Geberit iCon series radiate pleasant, soft light at the washbasin. Depending on requirements, the horizontal light strips placed above the mirror can be offset to the left or right; the shelves too can be centre or side mounted. This creates interesting highlights in the room and visual connections with side and tall cabinets. The Geberit iCon illuminated mirrors are available measuring 37, 60, 90 and 120 cm in width and 75 cm in height.

WASHBASIN SOLUTIONS FOR SMALL ROOMS

The washbasins are specially designed for small bathrooms and offer a host of solutions for when space is at a premium. Shelves and tap holes positioned to the side enable low installation depths, whilst the corner handrinse basin design facilitates installation in confined spaces. The ceramic range is complemented by a short projection WC.

1 Matching bathroom furniture complements the Geberit iCon handrinse basin range. **2** Corner handrinse basins make optimum use of the space in small bathrooms and guest bathrooms. **3** Washbasin tap and shelf positioned to the side, enabling elegant and easy-to-use Geberit iCon handrinse basins to be incorporated with low installation depths. **4** A clever solution: handrinse basins and attractively designed storage in the smallest of spaces.

GEBERIT ICON BATHROOM FURNITURE FOR GUEST BATHROOMS

MODULAR FURNITURE CONCEPT WITH GENEROUS STORAGE SPACE FOR SMALL ROOMS

The modular concept of iCon creates storage space in small bathrooms and guest bathrooms. Mirrored tall cabinets, washbasin cabinets with SoftClosing mechanism or shelving elements enable even challenging floor plans to be designed and used to their full potential. Low installation depths tailored to the washbasin solutions ensure freedom of movement even in confined spaces.

GEBERIT VARIFORM

The Geberit VariForm design concept is based on the four basic geometric shapes – round, rectangle, oval and ellipse and the three most common installation types. Together with the VariForm bathroom furniture with its calm, understated design, the range now offers the creative freedom to design the bathroom exactly in line with one's own individual wishes. Modular washbasin area solutions for absolute design freedom.

1 Lay-on washbasins with gently rounded elliptic shape, combined with wall-mounted taps.
2 Lay-on washbasins with clean rectangular geometric shape, with deck-mounted taps on base panel.

GEBERIT VARIFORM MODERN WASHBASINS

THE LATEST DESIGN TRENDS – MADE VERSATILE AND ERGONOMIC

The streamlined rims of Geberit VariForm washbasins are the perfect match for cutting-edge bathroom designs. Countertop and lay-on washbasins are available both with and without a tap hole bench. The tap can be installed as a deck-mounted tap on

the ceramic or the base panel – or alternatively, as a wall-mounted tap on the prewall installation. All Geberit VariForm models feature a generous basin depth to ensure freedom of movement in ergonomic conditions. Made from high-quality sanitary ceramic, the washbasins are scratchproof and resistant to cracks, as well as easy to care for.

The Geberit VariForm design concept is based on the four most important basic geometric shapes, using them to create new and different variations every time. The under-countertop, countertop and lay-on washbasins from the ceramic appliance series are suitable for public sanitary facilities as well as washbasin areas in hotel and private bathrooms. The modular system offers an almost endless range of design options.

1 An ornate black edging provides for a great visual effect on the narrow shelf surfaces.
 2 A space-saving siphon is included. 3 The L-shaped washbasin cabinet offers even more storage space. 4 The interior can be used to its full potential thanks to drawers without a trap cutout.

GEBERIT VARIFORM WASHBASIN CABINETS FOR LAY-ON WASHBASINS

NEW

FOR WASHBASIN AREAS WITH STYLE AND STORAGE SPACE

The calm, understated design of the Geberit VariForm washbasin cabinets gives the washbasin area a sense of lightness and perfectly complements the lean, modern design of the washbasins. The modular system permits flexible planning adjusted to the space. The narrow washbasin cabinet is obtainable in widths of 75 and 90 cm, each with one drawer. The elements are additionally available as a set with a low cabinet of the same construction height or in an L-shape with a larger low cabinet. If even more storage space or two washbasins are required in the bathroom, different combinations can be connected with each other according to preference. The furniture comes in a wide range of colours – white high-gloss coated, lava matt and hickory – and therefore blends in harmoniously with a wide range of furnishing styles.

GEBERIT SMYLE

With its contemporary design and ornate lines, the re-designed Geberit Smyle bathroom series creates a relaxing and positive bathroom ambience and brings harmony and lightness into family and guest bathrooms. With a clear sense of order and efficient use of space, Smyle achieves the highest level of convenience in the bathroom from any structural situation. Subtle shapes, maximum function.

GEBERIT SMYLE WASHBASINS

CAPTIVATING LIGHTWEIGHT APPEARANCE

Ornate lines, harmonious shapes and narrow rims characterise the washbasins of the Geberit Smyle complete bathroom series. They provide an exciting contrast to the functional design of the inner basin and the generous shelf surfaces at the rear of the washbasins. The profile handles of the washbasin cabinets mirror the design of the washbasins and underline the harmonious appearance. Geberit Smyle is available in many different sizes and widths, as a handrinse basin and with and without a tap hole. It thus offers a wide range of solutions to meet all requirements in the modern bathroom.

1 A spacious double washbasin with a flowing basin design and slim lines. **2** Integrated lighting elements in the mirror help the washbasin area take centre stage. **3** Washbasins in a soft-organic design. **4** Washbasins in a soft-geometric design. **5** A wide bathroom furniture range with attractive surfaces.

GEBERIT SMYLE BATHROOM FURNITURE

MORE DESIGN FREEDOM IN THE BATHROOM

As part of the facelift given to the Smyle bathroom series, Geberit adapted the furniture to the form of the ceramic washbasins. To achieve this, the furniture concept features thin washbasin contours. As is standard at Geberit, high-quality materials, coated surfaces and modular elements are used. The washbasin cabinets, low cabinets, medium cabinets and wall shelf with towel hook can be mixed and matched to create a wide range of furniture combinations that optimally use the space in the bathroom and meet diverse furnishing wishes.

Depending on requirements, open cabinets can also be combined with closed ones, for example. Additionally available drawer inserts give the storage space a clear structure. Glass shelves and an internal mirror give the medium cabinets a touch of premium class. Colour-adapted glass tops protect the shelf surfaces on the low cabinet. The integrated profile handles have the same colour as the fronts of the furniture, with their matt surface and ornate lines forming a subtle contrast.

WASHBASINS
Geberit Selnova washbasins are available in different shapes and formats.

GEBERIT SELNOVA WASHBASINS

HARMONIOUS BATHROOMS FOR ALL ROOM SIZES

The washbasins from the Geberit Selnova have an evenly rounded basic form. The inspiration behind this is provided by basin radii with an organic, natural shape. The design language of Geberit Selnova is characterised by a naturally soft geometry with gentle curves. The softly curving inner basin and a slim basin edge segue into a large tap hole bench that serves as a storage space. The range of ceramic appliances is rounded off by built-in and under-countertop washbasins.

1 The soft curves of Geberit Selnova are adapted from nature. 2 Slim edge with a smooth transition to the storage space behind. 3 Washbasin solutions with a pedestal to conceal the trap.

The wide range of wall-hung and floor-standing WCs with built-in ceramic cisterns has a solution for everyone when it comes to meeting structural requirements in the bathroom.

SUITABLE WCS FOR EVERY CONSTRUCTION SITUATION

The WC ceramic appliances from Geberit Selnova also feature classically soft curves. In order to offer modernisation solutions for every bathroom, they are available as a wall-hung and floorstanding model. With Rimfree technology the WC ceramic appliances are particularly easy to look after.

Matching bidets are also available as a wall-hung and floor-standing model.

NEW

GEBERIT SELNOVA SQUARE

Geberit Selnova's classic designs blend harmoniously into every room. This is in addition to many clever solutions for special requirements, making it very easy and affordable to get an old bathroom to shine in new splendour in all its modern glory. *Corners and edges, new highlights.*

An elegant pair – the integrated washbasin with particularly narrow rim combined with the washbasin cabinet.

GEBERIT SELNOVA SQUARE WASHBASINS SLIM AND BATHROOM FURNITURE

SLEEK ELEGANCE, PERFECTLY TRIMMED

The new, sleek Geberit Selnova Square washbasins combine a clear rectangular design with an organically shaped inner basin. They form a perfect unit with their washbasin cabinets and matching bathroom furniture with trendy surfaces in white high-gloss coated.

GEBERIT SELNOVA SQUARE BATHROOM FURNITURE

A CLEAN-LINED CONCEPT

Clean lines and gentle chamfering are the key features of Selnova bathroom furniture. The washbasins taper downwards to form a connection with the cabinets underneath, which are set noticeably further back. This approach enhances the slimline, lightweight appearance of the bathroom series. The integrated, delicately curving profile handles mimic the curves formed by the fronts of the washbasins, emphasising the impression of lightness.

SOLUTIONS FOR A RANGE OF INSTALLATION SITUATIONS

The fronts and bodies are available in white. The furniture can be wall-hung or floor-standing, with chrome feet or skirting boards available to choose from. Modular side cabinets are available in a variety of shapes and sizes. The furniture is delivered fully preassembled, with the option of attaching the door hinge on either side.

CHILD-FRIENDLY SANITARY ROOMS

Children discover the world through play. That is why it is good when childcare centres, schools and other establishments feature sanitary rooms with equipment that fosters their development and is nevertheless hygienic and suitable for everyday use.

CHILD-FRIENDLY SANITARY ROOMS ENCOURAGING CHILDREN TO LEARN ABOUT HYGIENE

Children have particular requirements for bathrooms in childcare centres, schools and other establishments. Child-friendly bathroom fittings support and simplify the development of hygienic practices in a playful way.

CHILD-FRIENDLY WASHBASINS

- Sanitary ceramics at a child-friendly height and with child-oriented equipment
- Can be mounted at a flexible height between 450 and 600 mm depending on the age
- Designs that appeal to children and promote toilet training

Hygiene, easy cleaning and safety play an important role when designing sanitary rooms in childcare establishments. However, it is also important not to forget the fun factor which makes teaching children about cleanliness so much easier.

HYGIENE EDUCATION THROUGH FUN AND GAMES

A child-friendly, low wall-hung washbasin with a design that appeals to even the youngest of critics makes teaching children about cleanliness easier and simply more fun. Clever details such as the low installation depth and a closer tap hole make it easier to use. It also features taps in amusing designs and colours that awaken a child's curiosity.

- 1 Child-friendly basin height. 2 The soft basin form reduces the risk of injuries.
3 Tap hole bench brought forward: makes it easier for short arms to reach the water jet.

WASHSPACES FOR PLAYFUL LEARNING

- For teaching children about hygiene in a playful way
- Safe and inviting design
- Suitable for children of different ages
- Can be adapted to the spatial circumstances
- Stimulates learning through play: the top basin can be filled with water thanks to a removable damming plate
- Maximum level of dammed water is 100 mm with the damming pipe – prevents flooding

1 Washspace for four children with damming device and various height levels. 2 Washspace for three children with damming device and various height levels. 3 Washspace for two children without a height offset. 4 The soft contours protect against injuries. 5 Child-friendly tap with manual actuation. 6 Child-friendly tap with touchless IR sensor designed specifically for little hands.

Children love to play with water! With special basins made of solid surface material, it is easy to encourage children to play with water in sanitary rooms. Cascading basins at various heights turn washing and brushing teeth into fun and games. And little ones of all ages are sure to find the right basin for their height.

EASY TO USE

The handle of the deck-mounted tap for child-friendly sanitary rooms is designed as a baseball cap with a peak, which makes washing hands even more fun.

HYGIENIC

Instead of a baseball cap with a peak, the electronically controlled tap in the same design features a fixed hat.

INDIVIDUAL

Geberit washspaces can be adapted to various requirements and spatial circumstances. They come in a number of different sizes and formats, and individual special fabrications are also possible.

CHILD-FRIENDLY WCS AND ACCESSORIES

TOILET TRAINING MADE EASY
WC ceramic appliances with child-friendly heights and equipment help children to adapt to toilet training. The child-friendly WC ceramic appliance with feet is not just funny to look at, it also has a practical side: children whose feet do not yet touch the floor when they are sitting down can rest them on the appliance's feet. And with various surfaces and WC lids, everyone will find the perfect seat for the bathroom.

1 Inviting WC seat. **2** Small children can rest their feet on the WC ceramic appliance's feet. **3** The WC seat is easy to clean, hygienic and ergonomic. **4** The "ears" of the WC seat can be used as support handles. **5** Geberit baby washdown WC 280 mm. **6** Geberit child washdown WC 320 mm. **7** Geberit child washout WC 370 mm. **8** Geberit child wall-hung washdown WC.

- Child-friendly WC solutions
- WC seats for every age
- Child-friendly designs

INDIVIDUAL MODELS FOR SPECIFIC TASKS

Normal washbasins and WC ceramic appliances are not suitable for all application ranges. For that reason, special products that are tailor-made for specific tasks are sometimes required.

GEBERIT PUBLICA SPECIAL SOLUTIONS TAILORED TO YOUR NEEDS

Certain care and hygiene scenarios, as well as industrial, commercial and leisure facilities, require special solutions for particular needs and functions. Geberit Publica offers a wide range of special products for various application ranges and special requirements.

SUITABLE FOR:

EDUCATIONAL
INSTITUTIONS

CARE
FACILITIES

WORKPLACES

TRANSIT BUILDINGS,
TRADE FAIRS, SPORTS
FACILITIES

TAILOR-MADE SPECIAL WASHBASINS

Washbasins for very specific applications can be used in situations where normal washbasin ceramics or handrinse basins may fall short.

Geberit Publica offers a wide range of special solutions that are tailor-made for specific application ranges. Such solutions are required, for example, in nurseries and schools, hospitals and care homes, rehabilitation centres, in private homes and the leisure sector, in sports facilities as well as in industry, craft and trade.

1

1 Geberit Publica laundry sink for cleaning items in rehabilitation centres and in industry, for mounting on two ceramic stands. 2 Geberit Publica sink for cleaning items in industry and trade. 3 Geberit Publica sink for cleaning items in rehabilitation centres, industry, private homes and the leisure sector. 4 Geberit Publica foot basin with low suspension for schools, rehabilitation centres, industry and the leisure sector. Also for religious foot washing rites. 5 Geberit Publica double sink for cleaning items in rehabilitation centres, industry, private homes and the leisure sector.

CLEANER SINKS AND MORE

SPECIAL SINKS

Geberit Publica offers a range of sinks and basins for special applications such as cleaning items, discharging waste water or washing out textiles.

CLEANER SINKS

Special cleaner sinks are designed for the requirements posed by the disposal of waste water, mobile WCs and the like.

1 Geberit Publica slop hopper for filling and emptying buckets, disposing of waste water, emptying mobile WCs, rinsing potties, etc. For nurseries, hospitals, retirement homes, camping sites, industry/production, restaurants and event locations, schools and office buildings. **2** Stainless steel hinged grating of the Geberit Publica slop hopper with compensation pad. **3** Geberit Publica cleaner sink for workrooms in schools, nurseries, rehabilitation centres, industry and trade, private homes and the leisure sector, can be combined with hinged grating and plastic cover.

Geberit Sigma10.

GEBERIT

Squatting pan as an alternative to the sitting WC.

SQUATTING PAN

In certain cases, people require squatting pans which are built into the floor.

NO CONTACT WITH THE SANITARY CERAMIC

Squatting pans are seen by many people as a hygienic alternative to the sitting WC, as there is no direct skin contact with the WC ceramic.

SURFACE-EVEN INSTALLATION IN THE FLOOR

Geberit Publica squatting pans are designed for surface-even installation in the floor and for installing with a Geberit Sigma concealed cistern. The pan is installed in a closed-off mortar bed.

An aerial photograph of a road with several cars driving. The trees lining the road are covered in a thick layer of snow, creating a high-contrast, wintry scene. The road is dark, and the snow on the trees is bright white. The overall tone is cool and serene.

WASHBASINS

Lay-on, countertop and under-countertop washbasins offer individuality when fitting out and furnishing the bathroom. They can be combined in diverse ways, such as with glass, natural stone and countertops made of many other product materials.

GEBERIT PRECIOSA II WASHBASINS

Thanks to their clear design, the washbasins can be combined with the illuminated mirrors from the Geberit Xenos series → page 50

**WHEN THE SUPERFLUOUS IS OMITTED,
THE TRUE SUBSTANCE IS REVEALED**

Design purists seek clear lines and structures. By limiting itself to the circle and rectangle – which determines all the washbasin's components – Geberit Preciosa II consistently fulfils these desires. Towel rails at the front or side continue the geometric contour of the washbasin.

MIRRORS AND MIRROR CABINETS

Illuminated mirrors and mirror cabinets are a real focal point in the bathroom. The Option series offers a comprehensive selection that provides the perfect soft light for your bathroom routine. Fashioning washbasin prominence in any bathroom.

NEW

-  Direct and indirect lighting with dimmer
-  Antimist function

→ WASHBASIN, FURNITURE: Geberit Variform.

GEBERIT OPTION MIRRORS AND MIRROR CABINETS

GLOWING EXAMPLES OF SUCCESSFUL BATHROOM SETTINGS

Illuminated mirror elements and mirror cabinets from Geberit bring the light where you want it while also creating a homely atmosphere thanks to the pleasant lighting. The lighting concept of the new Option Plus mirror is particularly convenient. It provides an optimum illumination of ceiling, face and washbasin area. The lighting can be dimmed with a sensor. An antimist function can be activated if required. Option Plus illuminated mirror elements are available in many different sizes with a width of 40 to 120 cm.

BATHTUBS AND SHOWER TRAYS

A comfortable bathtub and a spacious shower area are very important to bathroom customers. A shower in the morning is the perfect way to start the day – and who doesn't enjoy relaxing in a warm bath? Geberit offers bathtubs and shower trays that bring a touch of wellness into every bathroom, regardless of the floor plan.

BATHTUB
Geberit Soana.

GEBERIT BATHTUBS AND SHOWER TRAYS

A pleasant warmth relaxes the limbs while enchanting fragrances pamper the senses. Taking a bath or enjoying your daily shower in your own bathroom means peace, tranquility and relaxation. In other words, the most beautiful breaks that everyday life has to offer. Pure wellness in warm water.

GEBERIT SOANA BATHTUBS

-  Warm temperature of the surface
-  Durable, long-lasting material
-  Easy to repair if scratched
-  Acoustic and thermal insulation
-  Colour match with ceramics
-  Easy to clean
-  Low product weight

STYLISH BATHING PLEASURE

Created in a soft organic design, the Geberit Soana bathtubs offer an indulgent bathing experience. The sense of well-being is supported by the smooth surface of the bath material, which keeps the water warm for a longer time. The bathtub is available with a waste outlet in the middle or at the narrow end. The Geberit PushControl waste and overflow is the perfect addition, with the slim design matching the outstanding comfort of the bathtub.

GEBERIT TAWA BATHTUBS

PURE RELAXATION IN THE BATHTUB

The built-in bathtub Geberit Tawa features soft curves and a clear outer contour. The bathtub is available as a rectangular bathtub with central outlet or outlet at foot, and as an oval bathtub. The optional neck support is an interesting comfort-enhancing feature.

-  Warm temperature of the surface
-  Durable, long-lasting material
-  Easy to repair if scratched
-  Acoustic and thermal insulation
-  Colour match with ceramics
-  Easy to clean

GEBERIT SUPERO BATHTUBS

A perfect solution for relaxing bathing experiences

Thanks to its clear lines, the built-in bathtub Geberit Supero fits perfectly into modern, puristic bathroom worlds. The bevelling of the rim on the head and foot ends, which emphasises the geometric form, catches the eye. The drain and overflow are available either in the middle on the long side or on the foot end.

GEBERIT REKORD BATHTUBS

Create your own wellness oasis

The built-in bathtub Geberit Supero has a soft geometric appearance and is a successful mixture of clear and smooth lines. Its generous depth and the rounded head end make for a comfortable bathing experience.

GEBERIT SHOWER SURFACE SETAPLANO

The Geberit Setaplano shower surface is a captivating product from the very first glance – and the very first touch. Made of a high-quality solid surface material, it has a surface that feels silky-smooth and warm to the touch.

The Geberit Setaplano is made of a high quality solid surface material. You can really feel the difference as the smooth matt surface is particularly pleasant to the touch and radiates a sense of luxury. The surface material is noticeably solid and its non-slip properties provides more safety. The gentle incline with the soft and seamless transition to the outlet at the front end contributes to the harmonious overall appearance.

The Geberit Setaplano surface is very robust, easy to clean and hygienic. The material is also very forgiving – small defects and scratches can be easily buffed out. The edgeless inlet area in which no dirt can accumulate is also easy to clean, as is the comb insert that can be removed and cleaned effortlessly.

Highly safe thanks to sealing foil integrated at the factory.

1

2

1 The cover of the shower drain at the front end can be removed effortlessly. 2 A comb insert below the cover prevents from clogging. It can be easily removed and cleaned in next to no time.

HYGIENIC, CLEAN AND SIMPLY BEAUTIFUL: GEBERIT SHOWER CHANNELS OF THE CLEANLINE SERIES FOR FLEXIBLE BATHROOM DESIGN

Geberit CleanLine breaks new ground in shower drainage. It does not discharge the water invisibly in a channel but instead via elegant stainless steel collector profiles. There are no hidden areas meaning that dirt is prevented from accumulating and leading to unpleasant odours. Simply wipe over the profile once and everything is clean.

Geberit CleanLine is considerably more flexible than many other shower drainage solutions as the collector profile can be simply cut at both ends and adjusted to the nearest millimetre depending on the room conditions.

GEBERIT WALL DRAIN FOR SHOWERS

TAKING THE FLOOR-EVEN SHOWER A STEP FURTHER
The Geberit wall drain shifts the drainage of floor-even showers from the floor to behind the wall. Not only does this look very attractive, it also makes it easier to install a floor-even shower. Both the drinking water and waste water installations are behind the wall and the floor can be tiled throughout. This also makes it possible to install underfloor heating without interruption.

All that remains visible is a small cover on the wall that can be easily removed to clean the comb insert behind. The cover is available in various surface finishes and can also be tiled to match the design of the wall.

1 Discreet and very easy to clean. 2 The wall drain cover can also be tiled to match the bathroom design.

An aerial photograph of a waterfall cascading over dark, jagged rocks into a pool of water. The water is a vibrant green color, and the surrounding area is dark and textured. The waterfall is the central focus, with water splashing and creating white foam as it falls.

SHOWER TOILETS

Water is indispensable for daily personal hygiene and well-being. It cleans gently and thoroughly. That's why more and more people opt for the natural soothing and beneficial experience of cleaning with water.

A Geberit AquaClean shower toilet ensures cleanliness and well-being and gives you that confident feeling of freshness all day long at the touch of a button.

- ACTUATOR PLATE: Geberit Sigma50.

FLUSHING SYSTEMS

Aesthetics and functionality in perfect harmony: Geberit offers attractive concealed and exposed solutions for thorough flushing of the WC ceramic appliance. Everyone can therefore find the flushing system that suits their bathroom and own personal preference.

GEBERIT ACTUATOR PLATES

Geberit actuator plates are the defining luxury finishing touch for any bathroom. Combining visual elegance with innovative functions and a range of sumptuous finishes, they are an essential reflection of individual style. It's not just any bathroom, it's your bathroom.

The trend towards individualisation also brings with it increasing demands for design options in the bathroom that are as diverse as possible. These are often nuances that have to be perfectly coordinated. Actuator plates in new, trendy metal colours can make a small yet significant difference here.

ODOUR EXTRACTION

FRESH AIR FOR EVERYONE

IT IS SO EASY TO HAVE FRESH AIR IN THE BATHROOM

The Geberit DuoFresh module extracts the odour directly in the WC appliance. The air is neutralised by an active carbon filter and then directed back into the room. This technology, which has been revised, can be easily installed in any Geberit Sigma cistern and can be combined with almost every actuator plate from the Sigma range. It can even be retrofitted if the power supply is available. The Geberit DuoFresh module has an integrated orientation light and a user detection function, which is very convenient at night.

←
It doesn't get any simpler than this: pull the actuator plate aside.

←
Close the plate and enjoy the freshness with every flush

SUSTAINABILITY

Saving water. Using raw materials efficiently. Developing products that can be used for a long time. That are easy to maintain and repair. And that can be recycled at the end of their useful life. Bathroom and environment in perfect harmony.

CREATING THE FUTURE

Sustainable operations. The opportunities for tomorrow depend on how we act today. For Geberit, this means acting with reason and vision. With innovations that assume responsibility for generations to come and actively promote our environment.

CARE IN THE SQUARE

Geberit creates quality of life. With innovative product solutions, comprehensive know-how and a strong focus on sustainability – across all products, sectors and processes.

Sustainability has been part of our identity for decades. It's an approach that really pays off. For the environment and society, as well as for customers, partners, employees and shareholders.

For example, with water-saving products, new solutions in logistics, energy-efficient production facilities and ethically responsible training.

CONSISTENTLY SUSTAINABLE

As a standard practice, Geberit applies the eco-design testing criterion to all products in development to align them with the principles of sustainability – right across their entire product life cycle. After all, only products that fulfil strict sustainability criteria deserve to be launched in the market.

CERTIFIED WORLDWIDE

Global standards help us to systematically tackle areas with potential for improvement and achieve our highly ambitious goals in the areas of quality, environment, resource efficiency and occupational safety.

- All production sites and central logistics have been operating in accordance with ISO 9001 and ISO 14001 since the end of 2017.
- All plants have integrated the OHSAS 18001 standard for occupational health and safety management by the end of 2018.

LEADING THE WAY IN GREEN LOGISTICS

Clever logistics benefits everyone – our customers, our sales partners and our production plants. We therefore made logistics one of our company's core competencies years ago and centralised distribution in the southern German town of Pfullendorf. This bundling of transports maximises truck utilisation and minimises the number of empty trips, which is also beneficial for the environment.

COLOURS

Whether you have a penchant for classic white, an on-trend palette, something bold, or a mysterious black, there's a world of amazing furniture surface colours and coatings just waiting for you to explore.

DÉCORS

Real wood veneers, melamine resin patterns or foil coverings – our bathroom furniture is available with a range of wood types and finishes, adding a touch of natural elegance to your bathroom. Try a bold oak vintage look for something really up-to-the-minute.

FRONT CLADDING

It's clear to see – front cladding gives your bathroom a high-end feel, plus an elegant look enhanced by the surface-even profile handles running across the entire front of the furniture.
